- 5) New scheme launched:-No new schemes were launched in financial year 2022-23.

Business Environment:

Financial Year 2022-23 proved to be a volatile year for equity markets. Decade of high inflation, aggressive monetary policy stance by Global and Indian Central banks, Russia-Ukraine crisis, banking crisis in the west, foreign investment outflow played vital role in FY23. All these developments took global financial markets by a storm with Indian markets left unspared.

Indian Equity markets delivered slightly negative performance in FY22-23 on closing basis even after benchmark touched all time high. BSE Sensex delivered -0.48% while the Nifty 50 - 1.76% return on closing basis. Sector wise, Capital Goods, FMCG & Auto gained most in FY23, gained 23.5%,22.03% & 15.9% respectively, at the same time IT & Utility Sector dropped 21.9% & 15.9% as the Ukraine conflict, inflation & impending economic slowdowns across EU & USA; impacted the discretionary spending appetite of their corporates.

RBI consecutively hiked repo rate from 4% in April 2022 to 6.50% in Feb 2023 with a view to retain focus on withdrawal of accommodation to ensure that inflation progressively align with target. India's GDP grown by 7.2% in FY23. FDI flows declined by 16% to Rs. 3.67 trillion during FY23 as compared to Rs. 4.37 trillion in FY22. From April 2022, foreign investors cashed out equity market holdings worth around Rs. 2 trillion. The massive exodus came as higher interest rates made equities way unattractive as compared to debt. This was on top of FIIs concerns about Indian market's overvaluation. Significantly, the currency also depreciated to its highest level of 82.90 INR to USD in the month of Oct. 2022. Inflow via mutual fund SIP reached Rs. 1.56 lakh crore, up 25% from the preceding fiscal, suggested retail investors' trust in the SIP route despite volatility in markets.

IIP grew 5.1% as against 11.3% in the previous year. CPI Inflation during FY 2022-23 averaged 6.6%, slightly above the upper limit of the RBI MPC's inflation band. Brent oil futures slumped to a 15-month low of \$71/bbl in mid-March due to financial market instability but then recovered as banking stress waned. The average annual price of Brent crude oil registered US\$82.55 per barrel as of March 2023. Gold spot price continued its upward momentum and touched all time high at 1993 \$/Oz. India's 10year Bond yield saw high of 7.6% and low of 6.8%. US 10year Treasury yield touched high of 4.2% as on 24th October 2022 from its low 2.3% in April 2022.

Mutual Fund Industry

Financial Year 2022-23 was a decent year for Mutual Fund Industry despite the muted performance of the broader market. The net Average Assets managed by the Indian mutual fund industry has increased from Rs. 37.70 trillion in March 2022 to Rs. 40.05 trillion in March 2023. That represents 6.21% increase in assets over March 2022. The primary reason for this was limited net inflows, tempered by equity market losses.

Average Assets under Management (AAUM) of Indian Mutual Fund Industry for the month of March 2023 stood at Rs.40, 04, 638 Crore. In this rise in mutual funds AUM, biggest contributor was SIPs (systematic investment plans), which rose to a record Rs. 14,276.06 crore in March 23, taking the overall AUM to Rs. 6,83,296.24 crore. The number of SIP accounts stood at 6.36 crore as of March 2023 and the number of new SIPs registered were 21.65 lakh. The industry saw as many as 43 new schemes being launched during the fiscal, including 22 open-ended funds and 21 close-ended schemes, and raised Rs. 8,496 crore from the market.

Over the past couple of years, we've witnessed a gradual shift in assets under management (AUM) from active debt to active equity. This trend has been reinforced by the latest data as of March 2023. Between March 2022 and March 2023, the market share of equity-oriented funds, including aggressive equity balanced funds, has continued to increase; now accounting for 51.6% of the overall AUM mix, up from 48.9%. During the same period, the share of active longer period debt funds has declined from 23.1% to a mere 19.6%, and liquid funds have also seen a decrease from 16.4% to 15.8%.

Interestingly, the rise of passive schemes has also been noticeable. Passive exchange-traded funds (ETFs) and fund of funds (FOFs) have seen their share of AUM grow from 11.6% to 13.1% during this period. This indicates a growing preference among investors for these types of investment vehicles.

The convergence of a new generation of young investors joining the mutual fund industry and a significant rise in systematic investment plans (SIPs) has resulted in an increased individual participation in mutual funds. The data for March 2023 strongly supports this observation. For instance, between March 2022 and March 2023, the proportion of individuals in the overall assets under management (AUM) composition has risen from 55.2% to 58.1%. Consequently, the share held by institutions and corporates has decreased from 44.8% to 41.9%. This indicates a shift towards more individual investors taking an active role in mutual fund investments.

Information Other than the Financial Statements and Auditor's Report Thereon

The Company's Board of Directors is responsible for the other information. The other information comprises the information included in the Management Discussion and Analysis, Board's Report including Annexures to Board's Report, Business Responsibility and Sustainability Report, Corporate Governance and Shareholder's Information, but does not include the financial statements and our auditor's report thereon.

Our opinion on the financial statements does not cover the other information and we do not express any form of assurance conclusion thereon.

In connection with our audit of the financial statements, our responsibility is to read the other information and, in doing so, consider whether the other information is materially inconsistent with the financial statements or our knowledge obtained during the course of our audit or otherwise appears to be materially misstated.

If, based on the work we have performed, we conclude that there is a material misstatement of this other information, we are required to report that fact. We have nothing to report in this regard.

Responsibility of Management and Those Charged with Governance for Financial Statements

The Company's Board of Directors is responsible for the matters stated in section 134(5) of the Companies Act, 2013 ("the Act") with respect to the preparation of these financial statements that give a true and fair view of the financial position, financial performance and cash flows of the Company in accordance with the accounting principles generally accepted in India, including the accounting Standards specified under section 133 of the Act. This responsibility also includes maintenance of adequate accounting records in accordance with the provisions of the Act for safeguarding of the assets of the Company and for preventing and detecting frauds and other irregularities; selection and application of appropriate accounting policies; making judgments and estimates that are reasonable and prudent; and design, implementation and maintenance of adequate internal financial controls, that were operating effectively for ensuring the accuracy and completeness of the accounting records, relevant to the preparation and presentation of the financial statement that give a true and fair view and are free from material misstatement, whether due to fraud or error.

In preparing the financial statements, management is responsible for assessing the Company's ability to continue as a going concern, disclosing, as applicable, matters related to going concern and using the going concern basis of accounting unless management either intends to liquidate the Company or to cease operations, or has no realistic alternative but to do so.

Those Board of Directors are also responsible for overseeing the company's financial reporting process.

Auditor's Responsibilities for the Audit of the Financial Statements

Our objectives are to obtain reasonable assurance about whether the financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditor's report that includes our opinion. Reasonable assurance is a high level of assurance, but is not a guarantee that an audit conducted in accordance with SAs will always detect a material misstatement when it exists. Misstatements can arise from fraud or error and are considered material if, individually or in the aggregate, they could reasonably be expected to influence the economic decisions of users taken on the basis of these financial statements.

As part of an audit in accordance with SAs, we exercise professional judgment and maintain professional skepticism throughout the audit. We also:

- Identify and assess the risks of material misstatement of the financial statements, whether due to fraud or error, design and perform audit procedures responsive to those risks, and obtain audit evidence that is sufficient and appropriate to provide a basis for our opinion. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control.
- Obtain an understanding of internal control relevant to the audit in order to design audit procedures that are appropriate in the circumstances. Under section 143(3)(i) of the Companies Act, 2013, we are also responsible for expressing our opinion on whether the company has adequate internal financial controls system in place and the operating effectiveness of such controls.
- Evaluate the appropriateness of accounting policies used and the reasonableness of accounting estimates and related disclosures made by management.
- Conclude on the appropriateness of management's use of the going concern basis of accounting and, based on the audit evidence obtained, whether a material uncertainty exists related to events or conditions that may cast significant doubt on the Company's ability to continue as a going concern. If we conclude that a material uncertainty exists, we are required to draw attention in our auditor's report to the related disclosures in the financial statements or, if such disclosures are inadequate, to modify our opinion. Our conclusions are based on the audit evidence obtained up to the date of our auditor's report. However, future events or conditions may cause the Company to cease to continue as a going concern.

• Evaluate the overall presentation, structure and content of the financial statements, including the disclosures, and whether the financial statements represent the underlying transactions and events in a manner that achieves fair presentation.

We communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audit and significant audit findings, including any significant deficiencies in internal control that we identify during our audit.

We also provide those charged with governance with a statement that we have complied with relevant ethical requirements regarding independence, and to communicate with them all relationships and other matters that may reasonably be thought to bear on our independence, and where applicable, related safeguards.

Annexure B to the Independent Auditor's Report of even date on the Financial Statements of IDBI Asset Management Limited

Report on the Internal Financial Controls with reference to financial statements under Clause (i) of Sub-section 3 of Section 143 of the Companies Act, 2013

We have audited the internal financial controls over financial reporting of IDBI Asset Management Limited ("the Company") as of March 31, 2023 in conjunction with my / our audit of the standalone financial statements of the Company for the year ended on that date.

Management's Responsibility for Internal Financial Controls

The Company's management is responsible for establishing and maintaining internal financial controls based on the internal control over financial reporting criteria established by the Company considering the essential components of internal control stated in the Guidance Note on Audit of Internal Financial Controls Over Financial Reporting issued by the Institute of Chartered Accountants of India. These responsibilities include the design, implementation and maintenance of adequate internal financial controls that were operating effectively for ensuring the orderly and efficient conduct of its business, including adherence to company's policies, the safeguarding of its assets, the prevention and detection of frauds and errors, the accuracy and completeness of the accounting records, and the timely preparation of reliable financial information, as required under the Companies Act, 2013.

Auditors' Responsibility

Our responsibility is to express an opinion on the Company's internal financial controls over financial reporting based on our audit. We conducted our audit in accordance with the Guidance Note on Audit of Internal Financial Controls Over Financial Reporting (the "Guidance Note") and the Standards on Auditing, issued by ICAI and deemed to be prescribed under section 143(10) of the Companies Act, 2013, to the extent applicable to an audit of internal financial controls, both applicable to an audit of Internal Financial Controls and, both issued by the Institute of Chartered Accountants of India. Those Standards and the Guidance Note require that we comply with ethical requirements and plan and perform the audit to obtain reasonable assurance about whether adequate internal financial controls over financial reporting was established and maintained and if such controls operated effectively in all material respects.

Our audit involves performing procedures to obtain audit evidence about the adequacy of the internal financial controls system over financial reporting and their operating effectiveness. Our audit of internal financial controls over financial reporting included obtaining an understanding of internal financial controls over financial reporting, assessing the risk that a material weakness exists, and testing and evaluating the design and operating effectiveness of internal control based on the assessed risk. The procedures selected depend on the auditor's judgement, including the assessment of the risks of material misstatement of the financial statements, whether due to fraud or error.

We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our audit opinion on the Company's internal financial controls system over financial reporting.

Meaning of Internal Financial Controls Over Financial Reporting

A company's internal financial control over financial reporting is a process designed to provide reasonable assurance regarding the reliability of financial reporting and the preparation of financial statements for external purposes in accordance with generally accepted accounting principles. A company's internal financial control over financial reporting includes those policies and procedures that (1) pertain to the maintenance of records that, in reasonable detail, accurately and fairly reflect the transactions and dispositions of the assets of the company; (2) provide reasonable assurance that transactions are recorded as necessary to permit preparation of financial statements in accordance with generally accepted accounting principles, and that receipts and expenditures of the company are being made only in accordance with authorisations of management and directors of the company; and (3) provide reasonable assurance regarding prevention or timely detection of unauthorised acquisition, use, or disposition of the company's assets that could have a material effect on the financial statements.

Inherent Limitations of Internal Financial Controls Over Financial Reporting

Because of the inherent limitations of internal financial controls over financial reporting, including the possibility of collusion or improper management override of controls, material misstatements due to error or fraud may occur and not be detected. Also, projections of any evaluation of the internal financial controls over financial reporting to future periods are subject to the risk that the internal financial control over financial reporting may become inadequate because of changes in conditions, or that the degree of compliance with the policies or procedures may deteriorate.

Opinion

In our opinion, the Company has, in all material respects, an adequate internal financial controls system over financial reporting and such internal financial controls over financial reporting were operating effectively as at March 31, 2023, based on the internal control over financial reporting criteria established by the Company considering the essential components of internal control stated in the Guidance Note on Audit of Internal Financial Controls Over Financial Reporting issued by the Institute of Chartered Accountants of India.

The Company creates a provision when there is a present obligation as a result of a past event that probably requires an outflow of resources and a reliable estimate can be made of the amount of the obligation. A disclosure for a contingent liability is made when there is a possible obligation or a present obligation that may, but probably will not, require an outflow of resources. When there is a possible obligation or a present obligation in respect of which the likelihood of outflow of resources is remote, no provision or disclosure is made.

Provisions are not discounted to their present value and are determined based on the best estimate required to settle the obligation at the Balance Sheet date.

Provisions are reviewed at each balance sheet and adjusted to reflect the current best estimate. If it is no longer probable that the outflow of resources would be required to settle the obligation, the provision is reversed.

The company has a comprehensive system of maintenance of information required by transfer pricing legislation under section 92-92F of the Income Tax Act, 1961. 25.17 Going Concern Basis

- subsequent to acquisition of majority shareholding of IDBI Bank Ltd (IDBI Bank is sponsor and major shareholder of IDBI Asset Management Ltd) by LIC in the year 2019, LIC also considered to be sponsor (through IDBI AMC) of IDBI Mutual Fund. As LIC has already sponsored LIC Mutual Fund and having majority shareholding in LIC Mutual Fund Asset Management Ltd, in terms of SEBI (Mutual Fund) Regulations 1996, LIC cannot have 10% or more shareholding in another AMC which is managing other mutual fund. Hence it has been mutually agreed by the shareholders of the company and LIC MF AMC to merge their Mutual Fund business. In view of this and after getting approval of their respective Board of Directors, IDBI AMC and LIC MF AMC entered into scheme transfer agreement on December 29, 2022 for transfer of IDBI schemes to LIC MF for a consideration.
- Thereafter, the company and LIC MF AMC applied for approval of SEBI and Competition Commission of India (CCI). The approval of CCI has been received on March 22, 2023. The approval from SEBI has also been received on April 03, 2023 is subject to compliance with certain terms and conditions. The scheme transfer will take about 45 days from the date of final approval of SEBI. As on the Balance sheet date it is expected that the process of transfer of the schemes to LIC MF AMC is likely to be concluded soon in FY 2024.
- iii) Though, IAML will transfer entire IDBI Mutual Fund schemes to LIC MF AMC, however, it is not yet decided that IAML shall be wounded up on immediate basis.

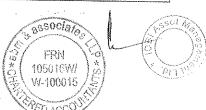

Further, as per the main object clause of its Memorandum & Article of Association (M&AOA), IAML can offer various advisory & Financial services other than Mutual Fund including Portfolio Management, AIFs etc.

The directors consider that the Company has adequate financial resources and operational strength to continue its operational existence for the foreseeable future. Further, even in case merger of schemes of IDBI MF is completed in FY 2024, the company has adequate financial resources to pay off its liabilities, hence, the company continue to adopt the going concern basis of accounting in preparing its financial statements.
