Dear Sir/Madam,

**Migration of the rating outstanding from  
medium-term rating scale to the long-term rating scale**

In compliance with the circular issued by the Securities and Exchange Board of India (SEBI), ICRA has discontinued the medium-term rating scale which was being used to assign ratings to the fixed deposit programmes of entities. Accordingly, ICRA has migrated the outstanding rating for the fixed deposits programme of the Bank from medium-term rating scale to long-term rating scale. As indicated in the rating rationale, the migration of the rating has resulted in a change in the rating symbol, however this is to be construed only as a recalibration of the rating from one scale to another and not as a reflection of a change in the credit risk of the fixed deposit programme.

Subsequent to migration of the outstanding rating, the summary of ratings is as follows:

Instrument	Previous Rated Amount (₹ crore)	Current Rated Amount (₹ crore)	Rating Action
Infrastructure Bonds	8,000.00	8,000.00	[ICRA]A+(Stable); outstanding
Senior & Basel II Lower Tier II Bonds (Subordinated Bonds)	21,414.93	21,414.93	[ICRA]A+(Stable); outstanding
Subordinated Debt	20.00	20.00	[ICRA]A+(Stable); outstanding
Basel III Tier II Bonds	5,000.00	5,000.00	[ICRA]A+(Stable); outstanding
Fixed Deposits	-	-	[ICRA]A+(Stable); migrated from MAA-(Stable)
Certificates of Deposit	35,000.00	35,000.00	[ICRA]A1+; outstanding
<b>Total</b>	<b>69,434.93</b>	<b>69,434.93</b>	

The rationale for ratings is attached herewith.

You are requested to kindly take the above intimation on record in terms of Regulations 30 & 51 of the SEBI (LODR) Regulations, 2015.

## IDBI Bank Limited: Migration of the rating outstanding on the medium-term rating scale to the long-term rating scale

### Summary of rating action

\*Instrument details are provided in Annexure-1

### Rationale

In compliance with the circular [SEBI/HO/MIRSD/MIRSD\_CRADT/P/CIR/2021/594] issued by the Securities and Exchange Board of India (SEBI) on July 16, 2021 and the subsequent circular (SEBI/HO/MIRSD/MIRSD\_CRADT/P/CIR/2022/43) of April 1, 2022, for standardising the rating scales used by credit rating agencies, ICRA has discontinued the medium-term rating scale which was being used to assign ratings to the fixed deposit programmes of entities.

Accordingly, ICRA has migrated the rating currently outstanding for the fixed deposits programme of IDBI Bank Limited from the medium-term rating scale to the long-term rating scale. The medium-term rating scale of ICRA was a 14-point scale, while the long-term rating scale is a 20-point scale. The migration of the rating has resulted in a change in the rating symbol; however, this is to be construed only as a recalibration of the rating from one scale to another and not as a reflection of a change in the credit risk of the fixed deposit programme.

### Analytical approach

Analytical Approach	Comments
Applicable Rating Methodologies	<a href="#">ICRA's Rating Methodology for Banks</a>
Parent/Group Support	Not applicable
Consolidation/Standalone	For arriving at the ratings, ICRA has considered the standalone financials of IDBI Bank. However, in line with our limited consolidation approach, we have factored in the capital requirement of the key subsidiaries of the Group, going forward. In ICRA's view, IDBI Bank's subsidiaries will largely remain self-sufficient in meeting their capital requirements in the near to medium term.

## About the company

IDBI Bank Limited, founded in 1964, is a private sector bank headquartered in Mumbai. It was a public sector bank till February 2019 with the Government of India (GoI) holding a majority stake. In January 2019, Life Insurance Corporation of India (LIC) increased its stake in the bank to 51% by infusing capital of Rs. 21,624 crore, resulting in the dilution of the GoI's ownership to 46.46% as on January 24, 2019 from 85.96%. LIC maintained its holding at 51% during the subsequent capital raise of Rs. 9,300 crore in September 2020, while the GoI's share remained at a similar level of 47.11%. However, LIC and the GoI's holding in the bank was diluted to 49.24% and 45.48%, respectively, after it raised capital via a qualified institutional placement (QIP) in FY2021. The Reserve Bank of India (RBI) classified IDBI Bank as a private sector bank with effect from March 2019 on account of the decline in the GoI's shareholding below 50%. As on March 31, 2022, the GoI's shareholding stood at 45.48% and LIC's shareholding was 49.24%. As on March 31, 2021, the bank operated through 1,886 branches and 3,388 ATMs.

### Key features of the rated instruments

The servicing of the Basel II Lower Tier II Bonds, senior bonds and infrastructure bonds is not subject to any capital ratios and profitability. However, the Basel III Tier II Bonds are expected to absorb losses once the point of non-viability (PONV) trigger is invoked. The Basel III instrument is a hybrid subordinated instrument with equity-like loss-absorption features. Such features may translate into higher loss severity vis-à-vis conventional debt instruments.
